Partner Organizations and Roles

[The Ukrainian Medical Association of North America](#) (UMANA), founded in 1950, is a voluntary non-profit association of professionals licensed to practice in their areas of health care in the United States and Canada. **ROLE: medical supplies acquisition, donation, and packaging for shipment.**

Since its launch in 2013, [AbbVie](#) invested \$50 billion in research to discover, develop and deliver new medicines. **ROLE: sponsored and airlifted medical supplies.**

[Rivkin Westside Aesthetics](#) is a cosmetic surgery clinic Founded by Yale trained aesthetic expert Alexander Z. Rivkin, M.D, who excels at providing state-of-the-art non-surgical aesthetic procedures. **ROLE: facilitating and securing AbbVie participation.**

[Women's Movement for the Future](#) was created in 2020 on the initiative of the human rights activist, People's Deputy of the Parliament of Ukraine of the VIII convocation Irina Suslova with the aim of uniting all women in Ukraine to build a strong, equal, legal, democratic and economically successful country. **ROLE: warehousing and distribution.**

December 26, 2022

Dear Partner Organizations:

Be an Angel e.V. Germany and Friends of Be an Angel USA thanks you for your in-kind donations to the Ukrainian people during these difficult times.

Be an Angel e.V. was established in 2015 with the headquarters in Germany to provide support and assistance to refugees from conflict and war zones. The organization evacuated and provided humanitarian aid and on the ground assistance to refugees from Syria, Afghanistan, Iran, Iraq, and now Ukraine. Friends of Be an Angel USA's focus is solely evacuation of refugees from Ukraine to the EU countries and delivery of the humanitarian aid to Ukraine from North America and Europe. In Ukraine, we closely work and cooperate with other NGOs, community representatives, hospitals, pharmacies, mothers of children with disabilities, local social services, and religious organizations.

Be an Angel e.V. Germany and Friends of Be an Angel USA follows principals of humanity, neutrality, impartiality and independence that are fundamental to the humanitarian action.

We are stronger together. Due to the partnerships like this one, thousands of people in Ukraine have the opportunity to receive humanitarian assistance.

This Impact Report provides detailed information on the distribution of your in-kind donation. The link below directs you to a cloud drive with photographs and videos documenting a complete chain of custody from receipting, and transportation, to delivery, and distribution of the humanitarian aid.

IMPACT REPORT

Humanitarian Aid Process and Chain of Custody (COC)

COC permanently captures data related to who/how handled the collection of medical supplies, what action were performed, and the location/date of the actions from the start of procurement process through the distribution of the medical supplies and other humanitarian aid directly to the end users at the front lines of Ukraine as well as the impact of delivery of the aid.

1. Needs Assessment and Analysis and Strategic Response Planning

The first step in the humanitarian aid distribution process is to identify current and immediate need for medical and relief supplies throughout the territories we cover. We focus on hot zones, front lines, and the areas in most dire situations. Inquiries are sent out to hundreds of hospitals, community and refugee centers as well as to other various locations to compile a list of their needs. Based on their documented, verified, and official requests received, there is a prioritization process to ensure the decisions of where the aid is sent are fair, diversified, and that the appropriate priorities are given to the most critical locations.

2. Sorting and Categorization of Incoming and Outgoing Aid Shipments

Once a shipment arrives, it is categorized and sorted in the warehouse depending on the type and storage requirements. Outgoing shipments are then prepared depending on the needs identified in the first step of the process. If a specific request comes from a medical institution which requires medical expertise, the team of volunteer doctors and medical professionals assist in the sorting process to ensure that each outgoing shipment fulfills the needs of the destined location.

3. Distribution Implementation and Monitoring

Once outgoing shipments are carefully sorted, packed, and wrapped in plastic for extra waterproofing, they are loaded onto vans or trucks and transported directly to the end users. For certain locations and when appropriate, Nova Pochta (postal services) is used. About 400 parcels and two to three transports leave for the front lines every day.

4. Documentation, Operational Review, and Evaluation

The documentation process is conducted throughout all stages. Signatures, documents, photographic evidence and lists are compiled in the form of bills of lading, customs documents for import/export, inventory protocols and acceptance with the receiving parties. These are stamped and signed by distributors and recipients and stored safely and appropriately in accordance with the international and Ukrainian laws. Together with photographs/videos of the humanitarian aid arrival, storage, and delivery, these documents serve as proof of COC and distribution.

IMPACT REPORT

Humanitarian Aid Distribution Timeline

Date of Donation: 08/29/2022
Date of Arrival in Ukraine: 09/16/2022
Date of Distribution Commenced: 11/16/2022
Date of Distribution Concluded: 12/01/2022

General Information

General Description: Medical Supplies for Humanitarian Relief
Shipped via: Air
Total Number of Pallets: 45
Total Declared Value*: 227,185 USD
Total Value*: 960,591 USD
Total declared weight: 10,825 kg

*All items listed were donated from USA hospitals and medical supply companies to UMANA. All unit pricing information is therefore estimated.

*Total value estimation from online value information

IMPACT REPORT

Humanitarian Aid Distribution Locations

Our partnership gives us the ability to help those that need it most. Your donation provided such a range of medical equipment that we were able to fill the needs of 21 different hospitals, units and clinics, including locations that are in close proximity to the frontlines.

Here is a list of hospitals and regional medical centers where your donations have been sent to:

Destination: Pokrov City Dental Clinic of Pokrov City Council, Donetsk Region			
No.	Item	Units	Quantity
1	Syringe 3 ml	pieces	240
2	Syringe 10 ml	pieces	20
3	Syringe 5 ml	pieces	120
4	Syringe variety	pieces	20
5	Syringe 1 ml	pieces	150
6	Needles	pieces	500
7	Infusion lines	pieces	13
8	Catheters	pieces	50
9	Sterile gloves	pieces	50
10	Medical gauze	pieces	10
11	Cotton	Packs	25
12	Latex gloves	Packs	1
13	Surgical sterile Gloves	packs	1
14	IV start kits	pieces	9

Destination: A4443 58 OSB 3

FOR UKRAINE

**EVACUATING
SINCE
MARCH 4TH
2022**

On February 24, Russia attacked Ukraine and with it its human rights and democracy. Since March 4, Be an Angel has been evacuating war refugees and providing humanitarian aid in Ukraine on a daily basis. Everything is financed by donations. In all, teams in five countries are fighting for lives and risking their own by regularly traveling to Ukraine, even when bombs fall.

**OVER
18,000
PEOPLE
EVACUATED**

Nobody wants to be separated from their loved ones. For children and their mothers, the elderly and the handicapped, fleeing is the only chance of survival. Be an Angel takes them out. Experiencing cruel moments of separation - not knowing if and how the family will be reunited. We conduct safe passage from Ukraine to Moldova and then to Germany. We ensure adequate accommodation during the trip and upon arrival. In addition, we organize individual transport for the seriously ill or wounded.

**4,800 TONS
OF AID
+1,100 GENERATORS
+77 AMBULANCES**

Be an Angel organized more than 4,800 tons of relief supplies. Depending on the nature of the relief supplies, they were taken to hospitals, communities in need, and to the front lines. Be an Angel also organized and distributed 1,100 generators and 77 ambulances.

€41 MILLION
OF AID

The total value of the aid provided so far is over 41 million euros. This was made possible by donations and cooperations. Relief supplies donated include medicines, medical equipment, ambulances, food, baby formula, clothing, water purification systems, hygiene products and much more.

1+ BILLION
LITERS OF
CLEAN WATER

The strategic destruction of Ukraine's water supply has left communities without clean water. Be an Angel has deployed water purification systems that together can purify over a billion gallons of water.

70 COLLABORATIONS
IN 10 COUNTRIES

The official partner of Be an Angel is the Congress of Ukraine in Moldova. In addition, we work with about 70 organizations from 10 countries.

PLEASE DONATE
